## To Be a Person Is to Have a Story to Tell. So, What's Your Story?

avec/with **ITALO MAGNI**

*As Toastmasters, most of us have witnessed firsthand the lure and power of storytelling. Be it a personal story, a famous person's life lesson story or a parable, well crafted and well told, compelling stories are the magic ingredient that make speeches memorable, valuable and inspirational.*

*This presentation will focus on providing insights into the following elements in the art of storytelling:*

*• The 6 stories you need to know how to tell • Your signature story and the 4 F's of storytelling. • How to bring your story to life • An exercise that will change your journey as a Toastmaster/storyteller • Stories told, personal and others, to entertain and educate.*

*Italo Magni has been a Toastmaster since 1989. Twice finalist at Toastmasters World Championship of Public Speaking (1994, 2006), over the years he has focussed his attention on the elements that create compelling storytelling. As a professional speaker he has given different workshops on the art of public speaking and storytelling, most notably for the McGill-McConnell Program: Masters of Management for National Voluntary Sector Leaders.*

*Come hear a Toastmaster whose motto is,*

*Don't ask permission, don't excuse yourself, don't be afraid. Speak with your life...Tell your stories.*
